Join us for a Special Film Screening of Daddy Don't Go

One third of all the children in the United States are being raised by a single parent household, and a significant number have little or no contact with their father. America's absentee father epidemic is addressed through the prism of four individual stories in the documentary *Daddy Don't Go*, which follows four disadvantaged fathers as they struggle to provide for their children. *Daddy Don't Go* provides a depiction not only of paternal devotion and sacrifice, but also the difficulty of breaking the cycle of poverty that damages both parent and child.

June 15, 2016

9:00 AM – 12:00 PM

Chez Artiste Theater

4150 East Amherst

Denver 80222

A FREE EVENT

Stay For A Panel Discussion
Immediately Following The Film

Seating is limited
